

# Become a Success Coach

## To a Teen Girl or Boy

**Would you** like to help young people receive the support they need to be happy and successful in this unpredictable, challenging world?

**Could you** provide an understanding ear to a teen searching to find himself, find her voice, or sort out who they are – and who they want to become?

**Do you** remember the older friend, neighbor, or teacher who made time for you and helped you realize you were important? Our success coaches provide that for teens who may have few, if any, adult advocates in their life.

### We are looking for caring adults who...

- Are looking for an opportunity to give back and make a difference in a young person's life.
- Care about young people, believe in investing in the future, and are good listeners.
- Can see teens for who they really are - no matter if their hair color is blonde, black, brunette - or even purple.
- Can be a good role model for teens who may pursue either professional or non-professional jobs.
- Work or live in the greater community area.

### Join us!

Become a success coach for a young adult. Join the Touch Point Connection team; a community of dedicated, caring people who give their time, provide adult stability, and are role models for teens who we know will have brighter futures if we can provide them support, opportunity, and self-confidence!

### How it works

- Receive training before being matched with a teen.
- Interview with program leaders to pair you with a compatible young person.
- Spend no more than one hour in the school weekly with your teen.
- Receive ongoing support from program leaders and school staff.
- Participate in ongoing training to fine-tune your coaching skills, discuss challenges, and celebrate successes.
- And, get together sometimes - just for fun!
